Welcome to Bayside High School,

On behalf of the PTA, I welcome you today. This is an opportunity to meet and greet the wonderful administration and staff, and PTA executive board members. It is also your opportunity to gather important information for a successful and enriched high school experience for your child. I applaud you for your participation as your child begins their education journey and urge you to take full advantage of this function.

The PTA aims to support students, teachers, and administration to enhance the quality of education offered at our school. The goal of the PTA is to assure that mandates for our students are delivered. I urge each parent to be involved in your child's education by supporting the PTA through active involvement. Nominations and elections for any vacant PTA Executive Board or School Leadership Team positions will be held at our September General Membership Meeting. Your ideas and input are welcomed and appreciated.

All parents/guardians of students enrolled at Bayside High School, are members of the PTA. Your monetary donations support the PTA in its goal to fund raising for student scholarships, awards, and department wish lists that support the education of all students. Please use the PTA contribution envelopes to submit your donation and provide your contact information. I welcome your comments & questions via email at the address above or school mailing address  
Attention: PTA. Please visit the school website <http://www.baysidehighschool.org/home>

Good Luck to you and your child as you begin this memorable journey.

Sincerely,  
*David L. Solano*
